

You can trust us

The 4a-Group stands for highest standards when it comes to integrity and security. As a certified TISAX Participant (Trusted Information Security Assessment Exchange) we assess the security of our bussiness partners. The TISAX assessment result applies to all members of the 4a-Group and is aviable only via the ENX Portal.

We can provide the highest security standards for:

Information with Very High Protection Needs
Prototype Parts and Components
Prototype Vehicles
and much more...

With TISAX certification, the 4a Group offers its partners the highest possible security standards for cooperation.
